

# UVC DESINFECTATION BOX SMALL

WSS UVC DBS

 HOME	 OFFICE	 HOTEL	 HEALTH CARE	 GYM
				

  
Made in Germany

## Advantages

- ▶ No use of chemicals
- ▶ Low-maintenance operation
- ▶ Low operational costs

## Applications

- ▶ Medical practices
- ▶ Medicine & laboratory equipment
- ▶ Domestic areas

- ▶ The UVC BOX device consists of a steel housing with a lockable glass door and integrated controls. A UV lamp inside provides an optimal disinfection effect.
- ▶ The disinfection unit is made for continuous use.
- ▶ In addition, a built in timer and an auto switch off function allow for flexibility in setting the required duration for disinfection.
- ▶ The UV-lamps are extremely durable, highly efficient disinfectants with very low energy consumption. The compact construction allows for an easy access to the lamps for replacement or checking without the use of additional tools.
- ▶ This device is perfectly suited for disinfecting smaller objects. (In medical or domestic areas)
- ▶ Detailed Disinfection performance: The real dose input per unit area can be controlled depending on the surface area of the object to be disinfected.
