

AIR & SURFACE AMPLIFIER 20 m2

WHITE	WSS HGW20 GA
TITANIUM	WSS HGT20 GA

Being highly advanced and compact, this wall mounted sterilizer system is ideally suited for multiple uses across the food service industry, for washrooms, changing rooms etc. Proven to effectively eradicate viruses and bacteria, this wall mounted unit is ideally suited for any area that requires regular sterilization while having constraints in availability of floor area. Using a combination of effective air and surface sterilization technologies available, it provides round-the-clock hygiene and safety to customers and staff against germs in addition to neutralizing all odours.

SPECIFICATIONS

- Combines Technologies: Germicidal Oxidation, Germicidal Irradiation and Dual Waveband Plasma Quattro
- Services: Uninterrupted supply for continuous use required.
- 1.8m power cable with 3-pin plug to be connected to suitably isolated socket or fused spur
- EC Declaration of Conformity
- CE MARK
- Electromagnetic Compatibility Directive (EMC) 2014/30/EU
- Produced under the control of our comprehensive BSI ISO 9001:2015 Quality Management system (Certificate FS 616985)

Features & Benefits:

- Kills Escherichia Coli (E. Coli), Staphylococcus Aureus (S. Aureus), Clostridium Difficile (C. Difficile), Aspergillus Fumigatus, and other harmful germs.
- Significantly improves hygiene standards to levels impossible to obtain with traditional cleaning methods alone.
- Eliminates bacteria, viruses, moulds, fungi and volatile organic compounds (VOCs), both in the air and on exposed surfaces, even in hard to reach places.
- Environment friendly.
- Eradicates unpleasant odours by tackling them at source.
- Reduces harmful Listeria Monocytogenes and Listeria Innocua from surfaces to undetectable levels.
- Improves infection control for staff and customers.
- Proven to reduce spoilage by extending the shelf-life of perishable food by 58%, for most food items and going up to 150% for certain products**
- Low power consumption of 9-13W.
- Easily installable lamp and battery with no requirements for an onsite engineer.
- Power is taken directly by plugging into a wall socket and that allows flexible installation and easy connection to existing sockets or to switched spurs.
- Available in white or titanium finish.

Type	Air & Surface Amplifier
Dimensions	400* 135* 110 mm
Power	230VAC/1ph; 9-13W
Remote Control	No
Price	2,895.00 AED

*General: for washrooms, front of house and changing areas

*Food: for cold rooms and food prep areas
