

UVC DISINFECTION CART

WSS UVCT780

- > The UVC Disinfection Cart is an ideal solution for disinfecting areas like public transport, corridors, offices, class rooms, elevators or restrooms.
- > This UVC unit is extremely convenient and safe to use, as it simply needs to be slowly pushed through the concerned area while it thoroughly disinfects everything within a 3m radius of the unit. The operator, wearing the provided safety suit remains in safety behind the see-through shield.
- > Six high power 130W UV-C lamps eliminate bacteria, viruses, moulds, fungi and volatile organic compounds (VOCs) on exposed surfaces, even in hard to reach places and disinfect all areas effectively.
